*Invest Smart, Travel More, Earn
Continuously!*

INTRODUCTION

AI TOURS is an innovative venture by AI PROBOT, offering a unique investment model that blends travel experiences with financial growth. The platform provides users with an opportunity to invest in their preferred package and, in return, receive an exciting tour while also generating passive income.

This dual-benefit system allows users to experience world-class travel destinations while securing long-term financial gains. Additionally, AI TOURS rewards active participants with enhanced income opportunities, making it a comprehensive and rewarding investment platform.

MISSION & VISION

MISSION

Our mission is to redefine travel-based investment opportunities by offering a seamless platform where users can enjoy luxury tours while generating financial stability.

VISION

AI TOURS envisions becoming a leading global platform that integrates travel and investment, providing users with exceptional experiences and lucrative income opportunities.

INCOME OPPORTUNITIES

AI TOURS provides users with two earning models based on their level of participation:

1. **Non-Working Plan:** Users can achieve **2X** returns on their investment without any direct referrals.
2. **Working Plan:** Users can achieve **3X** returns by actively participating and building their network.

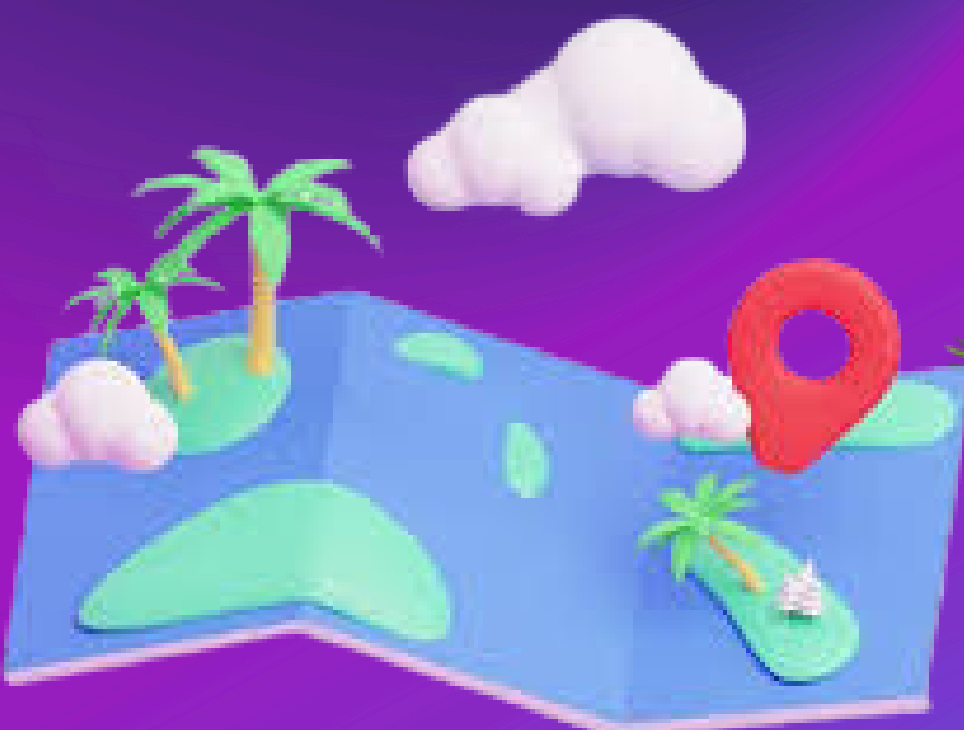

This flexible structure ensures that both passive and active investors can maximize their earnings.

(ROI)- NON-WORKING INCOME

AI TOURS provides a daily ROI of **0.5%** for 400 days, ensuring long-term earning potential. However, users can increase their ROI to **1%** for 200 working days by meeting the following conditions:

- **Two direct** referrals must be made.
- The referrals must invest in the same or higher package than the user's package.

DIRECT REFERRAL INCOME (WORKING INCOME)

Users can earn commissions by referring others to AI TOURS. The referral income structure is designed to reward direct participation and network expansion.

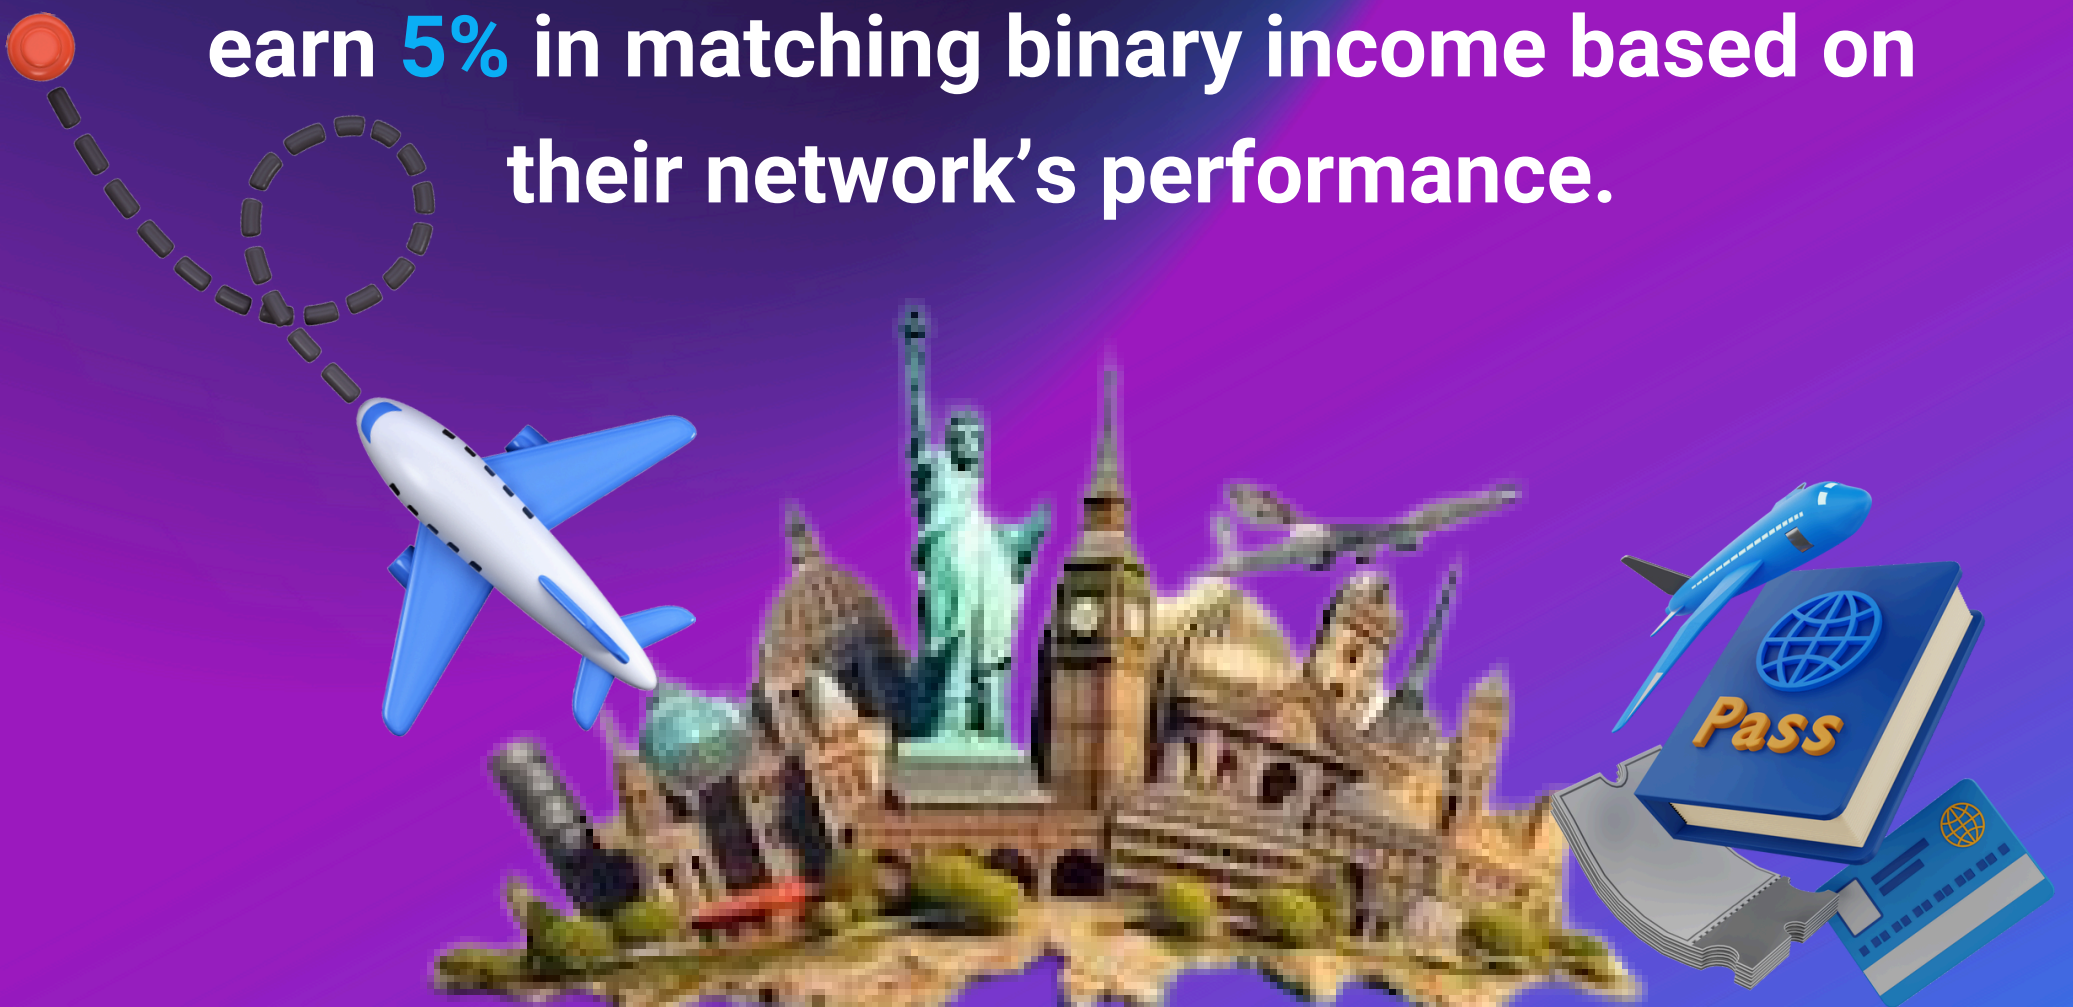

Level	Commission (%)
Level 1:	5%
Level 2:	3%
Level 3:	2%
Level 4:	1%

MATCHING INCOME (WORKING INCOME)

AI TOURS also offers binary income, a popular structure in network-based platforms. Users can earn **5%** in matching binary income based on their network's performance.
